COMPACT AND RELIABLE KIOSK PRINTER

With years of printing technology experience, AXIOHM-TXCOM presents the KALYPSO Kiosk Series based on the proven CM/RM Premium Series including a state of the art controller board thus providing the smallest all- in-one printing solution on the market.

The KALYPSO Kiosk is designed to provide outstanding features: ultra-silent, top printing speed up to 250 mm/s, long life auto-cutter (1,5 Million cuts) with both full and partial cuts, optimized printing quality and a jam free paper output system. The product can be powered in both 12 and 24V. It comes standard with both a USB2.0 and RS232 interface connection.

COMPACT AND EASY TO INTEGRATE

The KALYPSO will satisfy the most demanding requirements.
Kiosk designers are looking for OEM products that will fit their demands in terms of reduced dimensions and a practical shape. The KALYPSO Kiosk Series has the crucial advantage of being extremely compact while providing maximum flexibility in the integration process with an adjustable paper roll arm and different paper loading positions.
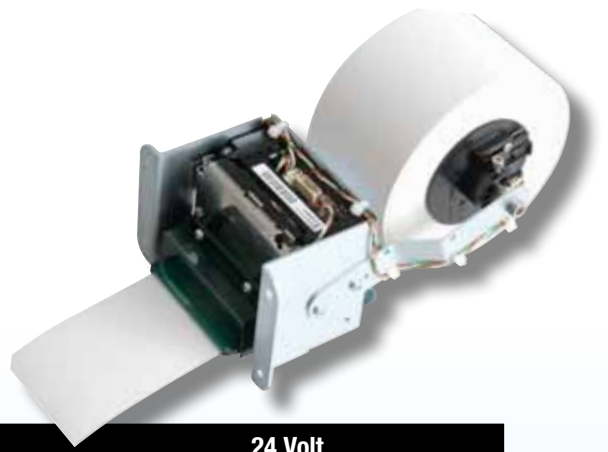

APPLICATIONS

With a robust and reliable design the KALYPSO Kiosk Series is particularly adapted to all harsh environments and applications such as: Transportation, Gas Pumps, Parking Meters and all outdoor kiosks.
